

"Amazing speed, we are loving it"

**iFace-302**

## **iFace 302 Multi-biometric Identification Time Attendance and Access Control Terminal**

iFace 302, users can identify or verify themselves either by face, finger, ID card or PIN/password. The TFT color touch screen of iFace 302 provides ease of use and a rich user experience. The iFace 302 uses state of the art 3D imaging technology while also providing hygienic 100% touch-free biometric authentication. The iFace 302 utilizes ZK's latest face and fingerprint matching algorithms. iFace 302 can one to many (1:N) match up to 400 faces and 2000 fingerprints.

## Features

### Optional Features

Mifare Card , Wi-Fi ,Web-server , GPRS, Short Message

### Software features :

Desktop Attendance Management Software  
 Support : MS Access / MS SQL Server  
 Parallel logs download optional  
 150+Industry standard reports  
 Basix Payroll Software  
 Maintain OT Register / leave Register  
 Multiple Shifts

## Configuration

## Specifications :

CPU	: Multi-Bio CPU-800MHZ
Memory	: 256MB Flash , 64MB SD RAM
Camera	: High Resolution Infrared
Display	: 4.3" TFT Touch Screen
Fingerprint Sensor	: 500DPI Optical Sensor Fingerprint
Capacity	: 2000
Face Capacity	: 500 (1:N), 3000 (1:1)
Transaction Capacity	: 1,00,000 Inbuilt Proximity Card Reader
Communication	: TCP/IP , RS232/485, Two USB-Host
Power Supply	: 12V , 3A
Verification Speed	: <=2 sec
Operating Temperature	: 0°C - 45°C
Operating Humidity	: 20% - 80%
Dimension(LxWxD)	: 193.6 X 146.8 X111mm
Access Control	: Supports EM Lock ,Exit button
